

Cultural Capital

Ofsted defines cultural capital as:

“the essential knowledge pupils need to be educated citizens, introducing them to the best that has been thought and said and helping to engender an appreciation of human creativity and achievement..”

- *What does it mean for Harbinger?*
 - *How are we preparing your pupils to live and thrive in culturally and ethnically diverse modern Britain?*
 - *Cultural capital won't be judged as a separate thing but should be “a golden thread, woven through everything you do to teach children well”.*
-
- Setting high standards and expectations across the curriculum
 - Incorporating Spiritual, Moral, Social and Cultural development
 - Incorporating British Values (Democracy; The rule of law; Individual liberty; Mutual respect for and tolerance of those with different faiths and beliefs)
