Teacher: Nazmeen Jet Class Year: 4 Term: 1.2 2026

English

Children will:

- Read and explore the features of two books: Hidden Figures and Robot Girl.
- Write diary entries
- Explore the specifics of a narrative and memoir.
- Use expanded noun phrases when describing characters and settings.
- Use prepositional phrases.
- Use conjunctions to write multi-clause sentences
- Edit and improve their writing, both with support from a partner and independently

So that they…

- Plan, write, edit and re-draft their own version of a Science-Fiction narrative, inspired by Robot Girl and a memoir bases on Hidden Figures
- Plan write, edit and re-draft an explanation text
- Understand the structure and language features of different fiction and non-fiction genres

PSHE

Children will learn:

- how all families are different
- the differences in our own families
- what to do if we witness bullying

So that they…

- can celebrate differences
- use different techniques to calm themselves down

Music

Children will:

- explore and compare different styles of music.
- use musical vocabulary to describe and evaluate music.
- perform confidently as part of a group.

So that they…

- recognise musical features, develop their performance skills and confidently discuss and evaluate music.

Athens and Sparta

History

Children will:

- Learn when and where the Ancient Greek era took place
- Explore life in Athens and Sparta
- Discover how democracy began in Athens
- Learn about the Ancient Greek education system

So that they…

- Understand how to use historical evidence to learn about the past
- Can make comparisons between the different ways of life which people experienced in the past
- Develop good historical enquiry skills

D.T

Children will:

- Learn to explore and evaluate different electrical products
- Design, make and evaluate an electric torch

So that they…

- Can know the parts of a circuit and torch
- Understand how to use trial and error to improve a product

RE

Learn about how different religious groups believe in God including: Christians, Hindus and Muslims

So that they:

Understand how different faiths believe in God.

PE

Jet Class will continue to have PE on Mondays (indoors) and Friday (outdoors). Children are encouraged to wear PE kits to school on these days. This term we will be focusing on gymnastics and basketball.

Maths

Children will:

- Learn about area by counting squares of rectilinear shapes and making shapes and comparing the area.
- Learn how to multiply and divide by 6, 7, 9, 11 and 12
- Begin to understand mathematical vocabulary such as 'quotient' in relation to division.
- Learn how to calculate multiplication equations. using the multiplication facts that they know.
- Understand the difference between sharing and grouping.
- Solve problems involving multiplication and division.

So that they…

- Understand that area is the amount of space taken up by a two-dimensional shape or surface.
- Can calculate more efficiently
- Develop their mental maths skills

Science

Children will:

Identify sources of light

Discover that shadows are created when light is blocked by an object

Carry out practical investigations to find out what happens when a light source moves away from a shadow, and which materials make the best shadow puppets

Learn how the sun can damage our eyes and design a product to protect our eyes

So that they…

- Have a secure understanding of how shadows are formed
- Can conduct experiments by making observations, describing what they have noticed and using their learning to explain why things happened
