#### So that they...

Verbally articulate their ideas clearly and confidently  
 Write and edit a successful descriptive story  
 Write and edit and publish a persuasive letter  
 Apply their phonics knowledge when writing and reading  
 Develop fluency and reading comprehension

### Computing

#### Children will:

- Learn about E-Safety
- Identify different forms of IT
- Use a mouse to click and drag
- Use a keyboard to type, delete and edit
- So that they...
- Understand how to stay safe online
- Create rules for using technology responsibly

### Art

#### Children will:

- Explore a range of Pop Art artists
- Trace famous works of art
- Explore colour effects and paint washes
- Work as a team

#### So that they...

Know famous pop art artists

Can use artist tools to create a collaborative artwork

# Dreams and Goals

### PSHE

#### Children will:

- Think about goals and successes
- Develop strategies to be successful
- Celebrate personal achievements and those of others

#### So that they...

Can say what they have achieved and how that made them feel  
 Identify areas of personal strength and development

### Geography

#### Children will:

- Describe the human features of their local area, such as the buildings, types of homes and modes of transport
- Describe the physical features of their local area, such as the Thames
- Identify similarities and differences between London and another European city

#### So that they...

Can describe features of their local area  
 Can use geographical vocabulary accurately  
 Are able to make comparisons

### Science

#### Children will:

- Learn about basic survival needs
- Explore the role of different food in our diets
- Consider why hygiene is an important factor of life
- Investigate the effects of exercise on our bodies
- Consider how offspring grow into adults

#### So that they...

Understand how human and animal young grow into adults  
 Can describe the basic needs of water, food and air  
 Can discuss the importance of exercise and healthy diet

### Maths

#### Children will:

- Name and identify UK coins and notes
- Count in pounds and pence
- Compare amounts of money and find change
- Solve one and two step problems
- Explore multiplication as equal groups and as an array
- Explore division as grouping and sharing
- Begin to learn 2, 5, and 10 times tables

#### So that they...

Recognise and use symbols £ and p  
 Can use addition and subtraction when finding change  
 Recall and use multiplication and division facts  
 Develop a range of strategies to model multiplication and division

### Religious Education

#### Children will:

- Explore a range of religious stories and texts
- Discuss the messages behind stories from different faiths

#### So that they...

Understand how we should care for others  
 Understand why it is important to care for the world

### Physical Education

#### Children will:

- Have weekly outdoor ball skills lessons
- Have weekly team building lessons
- Practise controlling a ball with their feet

#### So that they...

Develop water confidence and can swim across the pool  
 Control a ball and participate in a range of games  
 Develop greater stamina, fitness and team skills

### How You Can Help

- Sup<sup>port</sup> their weekly homework (accessible on the Harbinger website)
- Encourage good hygiene and hand washing habits.
- Read every day with your child using BugClub or books that are sent home.
