Times tables:

By the end of year 3, children are expected to know their 2, 3, 4, 5, 8 and 10 times tables. By end of year 4, children are expected to know their 1 - 12 times tables.

Children should also learn division facts related to the times table they are working on. For example, children should know that $5 \times 3 = 15$, so $15 \div 5 = 3$.
