**Times tables:**

Please note that by the end of year 4, children are expected to know all of the times tables, up to 12 x 12. Children should also learn division facts related to the times table they are working on. For example, children should know that 5 x 3 = 15, so 15 ÷ 5 = 3.

Please log into Timestables rockstars regularly to practise: [www.trockstars.com](http://www.trockstars.com).
